

Disability & Neurodiversity Network

Mission Statement and Goals

The Disability & Neurodiversity Network focuses on initiatives that are of common interest among our lawyers and professional staff, including advancing the recruitment, retention, and promotion of colleagues with disabilities or who are neurodivergent; strengthening a culture of accessibility, inclusion, and belonging at Latham for all; engaging in community service and pro bono projects in service of disabled and neurodiverse communities; and partnering with law student groups, clients, and others who are similarly committed.

Heather S. Artinian

Brussels and Germany

Matthew J. Piehl
Litigation & Trial Associate
Washington, D.C.

Lucas I. Quass
Corporate Associate
Orange County

About Us

The Disability & Neurodiversity Network is open to all lawyers and professional staff and are specifically designed for:

- Those with disabilities — physical, mental, visible and non-visible, permanent, and temporary — or who are neurodivergent.
- Those who have family members or other loved ones with disabilities or who are neurodivergent.
- Allies who otherwise have an interest in disability and neurodiversity-related issues.

Follow us:

The Disability & Neurodiversity Network is one of ten lawyer affinity groups at the firm (which are open to all, including allies). Our affinity groups provide a firmwide platform to share experiences, advice, and interests — and to partner with clients and other groups interested in fostering a more diverse and inclusive profession.
